Mr. Jay Miller,

Los Angeles, CA 90035

Dear Jay:

I just wanted to express my personal appreciation for the work you have done for us these past two years.

I was especially pleased with the high quality of the leads that we received. We found the prospects had a serious interest in meeting us when we went out and were not idle shoppers. This has been a key difference from other services I have used. Your people do a good job of qualifying their leads.

The good clients we have acquired through your program have made a serious contribution to our growth and earnings.

Thank you for your assistance.

Sincerely,

Allen S. Lencioni, Sr.
President
